THIS HOLIDAY SEASON.

## RECOMMENDED ITEMS

- Food thermometer
- Saucepan (pot)
- Whisk

## GENERAL TIPS FOR TAKE AND BAKE DISHES

Transfer food to your own cookware and bakeware for that “*I slaved over a hot stove all day but it was no big deal*” look.

Every oven is different - check the temperature of each dish at the halfway time mark.

Our grandma always taught us “*the nose, knows.*” - when your kitchen smells good, the food is close to being ready.

We hope you enjoy your meal and we'd love to see how you've served our scratch-made dishes and made them your own.

Bake covered in foil container provided for 30 minutes.

## NOT-SO-FINE-PRINT

These dishes were prepared from inspected and passed meat and/or poultry and ingredients. Some food products may contain bacteria that could cause illness if the product is mishandled or cooked improperly. For your protection, follow these safe handling instructions.

Keep refrigerated until ready for the oven.

Cook thoroughly to an internal temperature of 165F.

Keep hot foods hot. Cold foods cold.

Refrigerate leftovers immediately or discard.
